

**TOWN OF ATLANTIC BEACH  
INSPECTION & PLANNING DEPARTMENT**

125 West Fort Macon Road  
Atlantic Beach, N.C. 28512

Address Here

This written statement is to provide \_\_\_\_\_ in the township of Atlantic Beach, North Carolina, with conditional power. For the purpose of this statement all regulations depicted below shall compel during the construction process. The service equipment shall only be energized for the sole purpose of utilizing permanently installed HVAC equipment to maintain environmental conditions necessary to facilitate the installation of environmentally sensitive materials. The qualified electrician, recognized by the state of North Carolina and the authority having jurisdiction, will be solely responsible for the designations of which circuits throughout the structure are energized and shall not energize any circuit, or equipment that is not consistent with the provisions described above unless permission has been given by the authority having jurisdiction. In any case, all circuits designed for 125 volt that have been approved to be used during the construction process shall be GFCI protected and all Articles of the North Carolina Electrical code shall apply.

In addition, there shall be a responsible agent who is empowered to control and supervise all construction activities. The suitability of the responsible agent shall be at the sole discretion of the authority having jurisdiction. The responsible agent shall assume the responsibility to alert personnel working in the vicinity of the energized electrical system to its presence. The responsible agent shall also be charged with the responsibility for the safety and well-being of all people working with or in the vicinity of energized equipment.

This declaration must be signed by all tradesmen having equipment designed to be installed within the electrical system. Should at any time the original signers of this statement terminate their obligation to complete the installation of their trade, a new tradesman shall not be allowed to start work until the notification of the authority having jurisdiction and signing of this statement has been established. Should at any time the qualified electrician or general contractor experience the termination or withholding of their state contracting or local privilege license for any and all reasons, it shall void this entire contract.

Once signed by the qualified licensed tradesmen and the electrical inspector of Atlantic Beach, this statement is only binding to Atlantic Beach. All decisions made by the town of Atlantic Beach Inspections Department including this written statement may be considered null and void at any time and for any reason by either inspector.

I do hereby declare that I have read all the provisions described above that apply for the utilization of portions of the permanent wiring system within the building that I am obligated to perform construction duties. I am acknowledging for myself and all personnel employed by my firm all responsibility with the safety of our own and other's well being. I also perceive that I and all personnel employed by my firm are responsible for the energization of our equipment including any damage to the equipment or persons that may result from such actions.

In signing this document I am declaring all information I have provided to be true and accurate to the best of my knowledge. My signature makes a solemn declaration obligating myself and my firm to abide by the regulations proclaimed on the previous page and bestows unconditional consent to abide by all decisions made by the authority having jurisdiction.
